

Stamas 370 AEGEAN

New features include updated options, materials, and a fresh new cabin design. What hasn't changed is the legendary ride Stamas is renowned for throughout the world!

The generous cabin has been updated with rich wood and fabrics. New large side windows light up the space beautifully and give the spacious cabin more natural light than any other cabin or express on the market today.

Salt Water Sportsman says of the boat, "If you're looking for an express model that has everything necessary for a serious trip offshore, plus the amenities for a leisurely cruise to the islands or a trip along the ICW, be sure to check out this Stamas. It's the perfect blend of old-world craftsmanship and style, with the dependability and performance of today's four-stroke technology. 370 Aegean is an ideal boat for couples or friends who enjoy mixing cruising and fishing."

Now designed for today's powerful, fuel-efficient outboards, the transom modifications opened up additional deck space and helped to further smooth out the ride. With deluxe seats both port and at the starboard helm, along with ingenious cockpit seating, everyone can claim their favorite view. Below deck, there are sleeping accommodations, a full galley, and an enclosed head with molded sink, vanity storage & shower.

370 AEGEAN

SPECIFICATIONS
