

Stamas 390 AEGEAN

Blending legendary styling with advanced, proven technology, weekend adventures become extended vacations. Sleeping for six, with a full galley, head, and freshwater shower, we've designed this yacht to explore waters far from home, chase tournament worthy fish, to offer you an escape from land side reality. With a 210 qt. insulated fish box with overboard drain, live baitwell, a fresh and raw water washdown, about the only thing we don't furnish are the GPS numbers to where the fish are.

390 AEGEAN
